

**Measuring Effectiveness Committee
Workforce Arizona Council
Program Year 2017/2018 Charter**

Workforce Arizona Council Committees' Guiding Principle

Build a pro-growth economy supported by a high quality workforce capable of meeting the needs of employers in Arizona

Measuring Effectiveness Committee Purpose

Ensure the workforce system is efficiently and effectively using data to monitor performance and engage in continuous improvement. This includes:

- Identifying and measuring metrics to support continuous improvement of the workforce system
- Utilizing evidence-based and data driven decisions in the implementation of Council policies
- Creating data connections between core partners
- Ensuring LWDB's have relevant data to assist in making data-driven decisions

2018 Committee Members

Name	Representing

2017/2018 Goals

- ❑ Understand, review and provide input on the performance measures for Arizona's workforce system
- ❑ Review Council-adopted policies and Council endorsed initiatives to identify additional metrics
- ❑ Support a continuous improvement process for local boards to use when evaluating local performance
- ❑ Explore national best practices of how data is disseminated and in turn utilized by the LWDB's.
- ❑ Gain a better understanding of the metrics that would interest industry and that they would find valuable in driving them to utilize the workforce system (using a "Think Tank" model).
