**Youth Success Story** 

## Youth Success Story July/2021

In April 2020, Nicolas, age 17, and his father reached out to learn more about the WIOA Youth Program. Nicolas had left High School earlier that year, with no plans to return. However, he was still interested in earning his High School Equivalency (HSE) diploma. Lacking previous work experience, he was also interested in exploring careers and gaining employment.

After several unsuccessful attempts to engage Nicolas in GED studies, Financial Literacy and Labor Market Information services, his Career Advisor, Nicole Higdon, intervened to provide formal mentoring support. Nicole and Nicolas' father also kept in contact and worked together to encourage and support Nicolas with his follow through on assignments.

Not feeling comfortable in a classroom setting, Nicole and Nicolas explored a variety of options for studying for the GED exams, including securing study materials and arranging practice tests to determine when he would be ready to take the final exams. There were stops and starts along the way, however, with consistent follow up, encouragement, clear expectations, and holding him accountable, Nicolas passed all the exams and earned his High School Equivalency diploma on July 1, 2021!

Nicolas contacted Nicole right away to thank her for not giving up on him, and a few weeks later, his father also sent the following email to Nicole:

From: c v

Hello Nicole.

Thank you for helping with this success! Your commitment and encouragement was a big part of this achievement. This is huge for Nicolas moving forward in his life.

I've encouraged Nicolas to look at all possible jobs and or training now so he can see what's out there. Building experience and skills and of course getting an income would be a good next step for him. All you can do to provide assistance towards this direction would be appreciated.

You are truly appreciated for all you have done and not giving up on Nicolas!

Thank you!!

Title 1B: PY20 4<sup>th</sup> Quarter Report

# 4th Quarter Report

## **Title 1B: Workforce Development Division**

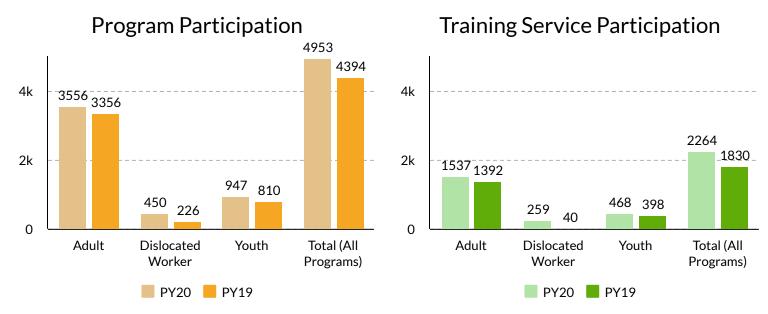

**Quarterly Operations Report** Program Year 2020

## **Quarterly Participation**

Through the 4th Quarter, the Workforce Development Division served 4,953 participants across the three WIOA Title IB Programs. This represents a year-over-year increase of 13% from PY19. Of those individuals, 2,264 participated in Training Services - an increase of 24% from the prior year.

This Program Year, the Business Services team served 803 employers, a year-over-year increase of 31%. **Total services delivered to employers increased by 52%.** 

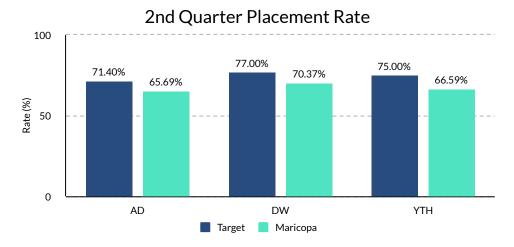

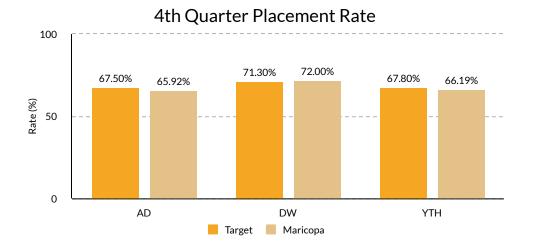

### **WIOA Performance**

Through the 4th Quarter of PY20, Maricopa County exceeded the negotiated performance levels in 10 of the 15 WIOA Performance Indicators across all Programs. In an additional 4 measures, Maricopa County was within 90% the negotiated target levels.

Employment Rate (2nd Quarter After Exit): The percentage of participants who are in unsubsidized employment (or education/training activities for Youth Program participants) during the second quarter after exit from the program

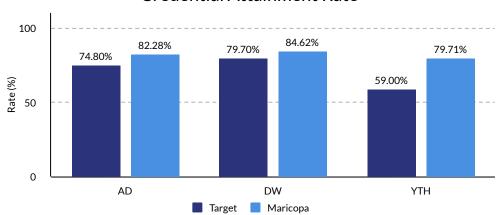

# Employment Rate (4th Quarter After Exit): The percentage of participants who are in unsubsidized employment (or education/training activities for Youth Program participants) during the fourth quarter after exit from the program

# Median Earnings (2nd Quarter After Exit): The median earnings of participants who are in unsubsidized employment during the second quarter after exit from the program.

### **WIOA Performance**

#### Credential Attainment Rate

Credential Attainment: The percentage of those participants enrolled in an education or training program who attain a recognized postsecondary credential or a secondary school diploma/equivalent, during participation in or within one year after program exit.

# Measurable Skill Gains 75.17% 68.53% 59.20% 50.00% AD DW YTH Target Maricopa

Measurable Skill Gains: The percentage of program participants who, during a program year, are in an education or training program that leads to a recognized postsecondary credential or employment and who are achieving measurable skill gains, defined as documented academic, technical, occupational, or other forms of progress, towards such a credential or employment.

## Highlights

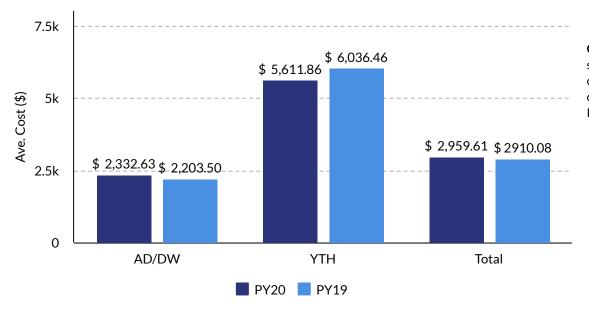

## **Cost Per Participant**

While program participation increased across all WIOA Title IB programs in PY20, cost-per-participant averages remained steady when compared to PY19. Across all programs, this figure increased by 2%.

This indicates that the level of investment in Maricopa County residents did not significantly change from the prior year, despite the disruption in the labor market and dramatic increase in program participation - specifically in training service participation.

## Average Cost Per Participant

Cost Per Participant: Total spent by program during corresponding Fiscal Year, divided by participants during Program Year.

## Executive Director Maricopa County Workforce Development Board Report

Steve Clark, Executive Director

#### <u>Partnership Updates</u>

#### Greater Phoenix Chamber Foundation

o We continue to stay engaged with the greater Phoenix Chamber, particularly the ElevateEDAZ initiative. Any connection we can create and/or maintain with creating career pathways for youth is critical. I can see us potentially creating a board workgroup focusing specifically on career exploration for youth.

#### Valley of the Sun United Way

- o As you may know, the VSUW staff member Melissa Boydston, is a member of our marketing committee. She has also suggested bringing the VSUW marketing staffer with her at the next Marketing and Outreach Committee meeting.
- o I volunteered to serve as a grant reader for their workforce development program. I will be curious to see what kinds of projects are chosen to be funded by VSUW in the workforce development area. These proposals are from non-profit entities.

#### City of Phoenix/Pinal County

o Our monthly conversations regarding collaboration are rewarding and insightful. Our areas are focused on marketing, client services, special projects, etc. The first meeting between the Chairs of each workforce area took place on October 20 and has set the stage for moving forward with more collaboration and innovative ways of providing best-in-class service to our clients.

#### Western Apprenticeship Coordinators Association of Arizona

o The WACA group continues to welcome us into their board meetings and provide a connection between workforce development and apprenticeships. I hope to routinely bring along a representative from our Workforce Development Division (WDD) to join this group in addressing the workforce needs through apprenticeships in various trades. CJ Williams, WDD Assistant Director, attended in my place this month, and we agreed on the importance of this organization to move apprenticeships forward.

#### National Adult Education and Family Literacy Week

- o National Adult Education and Family Literacy Week was in September and I would like to recognize and celebrate the important work our Title II providers do within the workforce development system. These programs provide a wide array of services including Adult Basic Education, High School Equivalency Preparation, employment and job training opportunities, and English language proficiency programs. Those providers are:
  - The Arizona Center for Youth Services
  - Friendly House
  - The Gilbert Adult Learning Center
  - International Rescue Committee
  - Maricopa County Adult Probation's Frank X Gordon Adult Education Program
  - Mesa Adult Education
  - Queen Creek Adult Education
  - Rio Salado College
