Annual Report Overview

### WORKFORCE ARIZONA COUNCIL

The Workforce Arizona Council (the Council) is pleased to report that during program year 2021, ARIZONA@WORK, the state's workforce development system, served **81,683** job seekers – helping them meet the needs of incoming and expanding local job creators. We are very proud of the innovative work accomplished this year despite the ongoing challenges that COVID-19 posed to the job market and the ability to meet the state's employers' needs for skilled workers. By way of background, the Council is the state's workforce development board required under the Workforce Innovation and Opportunity Act (WIOA). Comprised of leaders representing private business, labor, community-based organizations, state legislature, local government and state agencies, the Council is responsible for carrying out the Governor's strategic vision for a robust and effective workforce system.

The Council is staffed by the Arizona Office of Economic Opportunity (OEO), which resides within the Arizona Commerce Authority (ACA), the state's leading economic development organization. The ACA and OEO collaborate with the Arizona Department of Economic Security and Arizona Department of Education, to increase the availability of skilled workers across the state by facilitating connections between industry, workforce and education partners.

### WORKFORCE RESPONSE

During PY2021, workforce partners worked in collaboration with the Department of Economic Security to provide Rapid Response services and programming for two significant and very unique natural disasters in Arizona.

#### Northeastern Arizona Local Workforce Development Board (Show Low, AZ - Navajo County) Strip Mall Fire:

### February 2022

Four businesses were affected by a strip mall building/structure fire. Businesses affected included a restaurant, a real estate office, a radio broadcast office, and a day spa. A total of 18 dislocated workers from the restaurant and day spa were assisted.

Immediate support services were rendered to the dislocated workers including:

- Rental assistance
- Utility assistance
- Transportation assistance
- Food assistance

Some of the dislocated workers received reemployment and upskilling service. Within a few days of the fire, two of the dislocated workers were offered temporary employment with local community businesses until the affected businesses were reopened, and the affected employees could resume employment with their previous employer. This is a testament to Navajo County ARIZONA@WORK's engagement and connection to their local community and partnership with the state Rapid Response program.

### Coconino County Local Workforce Development Board (Flagstaff, AZ) - Tunnel Fire:

### April 2022

The fire impacted many small business owners, some of whom lost structures and vital work tools and equipment to the fire.

Coconino County ARIZONA@WORK staff assisted the affected workers with immediate support services and resources. Staff worked with local community partners and businesses to help assist the community. Coconino County ARIZONA@WORK staff responded quickly and acted diligently in helping serve the dislocated workers and the businesses affected by this disaster.

Services and resources were provided to 10 small business owners.

- Connected participants with community partners and businesses such as Home Depot and Harbor Freight to purchase the tools and equipment needed for the small business owners to be able to get back to work.
- Connected participants with vouchers to purchase clothing from Target and JC Penney to replace the work attire lost to fire.

### **Rapid Response Activities**

**21** layoff notices received by DES, affecting **1,960** workers statewide

**16** companies with **360** employees participatedin the **Shared Work** program
