Dear Bidder, Offeror, Contractor, Subcontractor,

Please review the attached forms and respond as appropriate.

#### Attachment I

In order to enter into an agreement with the Maricopa County for the provision of contract services or to amend a current agreement you are required to sign the Certification Regarding Lobbying. Please submit it to this sender with your Proposal, Contract, or Amendment.

#### Attachment II

If paragraph 2 of Attachment I applies, then complete this Disclosure of Lobbying Activities form and submit it with the certification.

#### Instructions

There is a distinction between lobbying and advocacy. As long as "advocacy" does not involve influencing the obtaining of a specific grant or contract, but is merely advocacy for the general benefit of the target population served, it is not lobbying and there may be no need for certification or disclosure. Each case must be reviewed individually by the recipient as the recipient is responsible for compliance and sanctions.

Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of information contained in any disclosure form previously filed.

#### Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

- 1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- 2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- 3) The undersigned shall require that the language of this certification be included in the award documents for all sub- awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.
- 4) This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, Title 31, U. S. Code.

Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

# INDEPENDENT AUDITORS' REPORT

Board of Directors Chicanos Por La Causa, Inc. and Subsidiaries and Affiliates Phoenix, Arizona

# **Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of Chicanos Por La Causa, Inc. and Subsidiaries and Affiliates, which comprises the consolidated statement of financial position as of June 30, 2020, and the related consolidated statements of activities, functional revenues and expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We did not audit the financial statements of Casa del Pueblo II dba: Casa del Pueblo II Apartments; Casa Mia Senior Apartments, Inc. dba: Casa Mia Apartments; Causa Community Development, Inc. dba: Guadalupe Barrio Nuevo; Gran Victoria Housing, LLC; Casa de Primavera Apartments, LLC dba: Casa de Primavera; Pueblo Senior Housing, Inc. dba: Casa del Pueblo; Santa Cruz Apartments, Inc. dba: Santa Cruz Apartments; Mountain Pointe Apartments, LP; dba Mountain Pointe Apartments, Bella Vista Properties I Limited Partnership; Ladera Village Limited Partnership and Villa Las Vegas Limited Partnership, wholly-owned subsidiaries, which statements reflect total assets of \$39,441,355 as of June 30, 2020, and total revenues of \$10,474,590 for the year then ended. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for Casa del Pueblo II dba: Casa del Pueblo II Apartments; Casa Mia Senior Apartments, Inc. dba: Casa Mia Apartments; Causa Community Development, Inc. dba: Guadalupe Barrio Nuevo; Gran Victoria Housing, LLC; Casa de Primavera Apartments, LLC dba: Casa de Primavera; Pueblo Senior Housing, Inc. dba: Casa del Pueblo; Santa Cruz Apartments. Inc. dba: Santa Cruz Apartments; Mountain Pointe Apartments, LP; dba Mountain Pointe Apartments, Bella Vista Properties I Limited Partnership; Ladera Village Limited Partnership and Villa Las Vegas Limited Partnership, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

The financial statements of Gran Victoria Housing, LLC, Santa Cruz Apartments, Inc. dba: Santa Cruz Apartments; Bella Vista Properties I Limited Partnership; Ladera Village Limited Partnership and Villa Las Vegas Limited Partnership were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Chicanos Por La Causa, Inc. and Subsidiaries and Affiliates as of June 30, 2020, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Emphasis of Matter

As discussed in Note 1 to the consolidated financial statements, management adopted Accounting Standards Update No. 2018-08, *Not-for-Profit Entities* (Topic 958): *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*. Our opinion is not modified with respect to that matter.

## **Report on Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information on pages 50 through 64 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Principles of Consolidation (Continued)

The consolidated financial statements of Chicanos Por La Causa, Inc. and Subsidiaries and Affiliates have been prepared on the accrual basis of accounting. The significant accounting policies followed are described below to enhance the usefulness of the consolidated financial statements to the reader.

#### **Basis of Presentation**

The accompanying consolidated financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) applicable to nonprofit organizations. The Organization's consolidated financial statements are prepared to focus on the Organization as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions.

#### Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and board-designated endowment.

*Net Assets With Donor Restrictions* – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

We report contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends, or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities as net assets released from restrictions.

#### Cash and Cash Equivalents

The Organization considers all cash and highly liquid financial instruments with original maturities of three months or less to be cash and cash equivalents. Restricted cash consists of funds held for the Classroom Site Fund, for use solely at school sites. These funds are available for teacher compensation increases, employment related expenses and maintenance and operations purposes including classroom size reduction

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Cash Held for Loan Programs

CPLC receives loans and grant funds from various sources to be used for loans to new or existing small businesses or as cash reserves for loan losses. These loans are included in mortgages payable in the accompanying consolidated statement of financial position. The funds are maintained in separate bank accounts. As of June 30, 2020, CPLC had \$2,126,603 in these accounts as cash designated for lending that are to be used to fund additional loans and \$566,387, as cash held for loan loss reserves.

#### **Grants and Contracts Receivable**

Grants and contracts receivable consist primarily of amounts due from state and federal agencies for the provision of services; accordingly, credit risk is limited. Receivables are stated at the amount management expects to collect. Management provides for probable uncollectible amounts through a decrease to earnings and an increase to the allowance for uncollectible accounts based on its assessment of the current status of individual receivables. The allowance for uncollectible receivables was \$352,367 as of June 30, 2020.

CPLC recognizes contributions when cash, securities or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. Conditional promises to give that is, those with a measurable performance or other barrier and a right of return are not recognized until the conditions on which they depend have been met. Federal and state contracts and grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expenses. Consequently, at June 30, 2020, conditional contributions approximating \$4,189,423, of which no amounts had been received in advance, have not been recognized in the accompanying consolidated financial statements.

#### Notes Receivable

Notes receivable consists of loans made to small businesses. They are reported at their outstanding unpaid principal balance adjusted for the notes allowance for notes receivable credit losses.

Interest income is accrued on the unpaid principal balance. The accrual of interest on loans is discontinued at the time the loan is 90 days delinquent unless the credit is well secured and in process of collection. Past due status is based on contractual terms of the loan. Loans are placed on nonaccrual or charged-off at an earlier date if collection of principal or interest is considered doubtful.

All interest accrued but not collected for loans that are placed on nonaccrual or charged-off is reversed against interest income. The interest on these loans is accounted for on the cash-basis or cost-recovery method, until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

The Organization has determined that the accounting for nonrefundable fees and costs associated with originating or acquiring loans does not have a material effect on its consolidated financial statements. As such, these fees and costs have been recognized during the period they are collected and incurred, respectively.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Allowance for Notes Receivable Credit Losses

The allowance for notes receivable credit losses is established as losses are estimated to have occurred through a provision for loan losses charged to earnings. Loan losses are charged against the allowance when management believes the uncollectibility of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The allowance for notes receivable credit losses is evaluated on a regular basis by management and is based upon management's periodic review of the collectability of the loans in light of historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral and prevailing economic conditions. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

The allowance consists of allocated and general components. The allocated component relates to loans that are classified as impaired. For those loans that are classified as impaired, an allowance is established when the discounted cash flows (or collateral value or observable market price) of the impaired loan is lower than the carrying value of that loan. The general component covers nonimpaired loans and is based on historical loss rates for each portfolio segment, adjusted for the effects of qualitative or environmental factors that are likely to cause estimated credit losses as of the evaluation date to differ from the portfolio segment's historical loss experience. Qualitative factors include consideration of the following: changes in lending policies and procedures; changes in the experience, ability and depth of lending management and other relevant staff; changes in the volume and severity of past due, nonaccrual and other adversely graded loans; changes in the loan review system; changes in the value of the underlying collateral for collateral-dependent loans; and concentrations of credit and the effect of other external factors such as competition and legal and regulatory requirements.

#### Investments in Limited Liability Companies

The Organization is the sole member of six limited liability companies (LLCs): Casa De Encanto Operating Company, LLC; Casa De Flores Operating Company, LLC; Guadalupe Huerta Operating Company, LLC; Rosa Linda Operating Company, LLC; Mountain Pointe Apartments LIHTC Phase II, LLC and Highland Manager, LLC. These LLCs have virtually no assets or liabilities as of June 30, 2020. These LLCs manage the general partnership interest for Casa De Encanto Senior Apartments LIHTC, LP; Casa De Flores Senior Apartments LIHTC, LP; Guadalupe Huerta Senior Apartments LIHTC, LP; Rosa Linda Senior Apartments LIHTC, LP; Mountain Pointe Apartments Phase II, LP and Highland at Vista, LLC. The LLCs have 0.01% general partner interest in each of the Partnerships, and have minimal assets, liabilities, revenue, and expenses.

In October 2017, the Organization invested \$412,871 into Courtyard at Encanto, LLC, which is the owner of a 160-unit multifamily apartments. The investment represented 15% ownership of the LLC.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Investments in Affiliated Entities**

The equity method of accounting is used when the Organization has 20% to 50% interest in other entities. Under the equity method, original investments are recorded at cost and adjusted for the Organization's share of undistributed earnings or losses of these entities. Nonmarketable investments in which the Organization has less than a 20% interest and in which it does not have the ability to exercise significant influence over the investee are initially recorded at cost, and periodically reviewed for impairment.

#### Investments in Debt and Equity Securities

The Organization records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the consolidated statement of financial position. Net investment return/(loss) is reported in the consolidated statement of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less investment management and custodial fees.

## Real Estate Held for Sale

Real estate held for sale is stated at lower of cost or market and includes foreclosed properties, land under development, developed lots, direct and indirect costs of housing construction and interest, and overhead costs incurred during the development period. Cost is determined by the specific identification method.

#### **Real Estate Properties and Property and Equipment**

The Organization records real estate properties and property and equipment additions over \$5,000 at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from five to forty years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful lives of the assets or the lease terms. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any resulting gain or loss is included in the consolidated statement of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

The Organization reviews the carrying values of real estate property and property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. During the year ended June 30, 2020, the Organization recognized an impairment loss of \$18,373.

## **Deposits and Funded Reserves**

Deposits and funded reserves are assets whose use is limited and are held by trustees under third-party debt agreements. Deposits consist of escrow and security deposits, and reserves are required for property replacements and repairs.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Debt Issuance Costs**

Debt issuance costs are amortized over the period the related obligation is outstanding using the straight-line method, which approximates the effective interest method. Debt issuance costs are included within long-term debt on the consolidated statement of financial position. Amortization of debt issuance costs is included in interest expense.

#### Deferred Revenue

Each month, the Organization receives block payment funding for behavioral health services from the Regional Behavioral Health Authority (RBHA) in Maricopa County. These funds are considered earned if total service claims generated equal or exceed the block payments. If service claims are insufficient, the RBHA has the contractual right to recoup the fund or characterize the deficiency as deferred revenue with an authorization to use the funding in the next fiscal year. For the year ended June 30, 2020, the Organization has a service claim deficiency balance of \$2,127,838.

Prestamo CDFI, LLC participated in Paycheck Protection Program (PPP) lending, which was based on the Coronavirus Aid Relief and Economic Security Act (the "CARES" act) in the last quarter of fiscal year 2020. For each approved PPP loan, the Small Business Administration (SBA) covered a percentage of the loan principal balance as a loan processing fee to the organization. The fee is amortized through the term of each PPP loan. As of June 30, 2020, the Organization received \$748,661 from SBA, \$21,343 was recognized as loan fee revenue and \$727,318 was recorded as deferred revenue.

## Revenue and Revenue Recognition

Revenue is recognized when earned. Program service fees and payments under costreimbursable contracts received in advance are deferred to the applicable period in which the related services are performed, or expenditures are incurred, respectively.

#### Management Fee Revenue

Management fee revenue consists primarily of development fees related to property acquisition and construction development and property management activities for real estate and New Market Tax Credit Community Development Entity (CDE) Sponsor Fees and CDE Asset Management Fees earned from the Sub-CDEs. Management fees related to charges to real estate properties are eliminated in consolidation. CDE Sponsor Fees are recognized when an investor makes a qualified equity investment in a Sub-CDE or is otherwise earned in accordance with the terms of the individual CDE Fee Agreement. CDE Asset Management Fees are recognized as services are performed and collectability is reasonably assured.

## Rental Income Revenue Recognition

Rental income revenue consists primarily of rental receipts from tenants and Section 8 housing subsidy payments and/or mortgage guarantees under CPLC's contracts with the U.S. Department of Housing and Urban Development (HUD). Revenue is recognized monthly in accordance with the lease agreement or contract. As of June 30, 2020, amounts due from tenants and/or HUD are included within grants and contracts receivables.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Rental Income Revenue Recognition (Continued)**

These receivables are evaluated by management on an annual basis accordingly, an allowance for doubtful accounts was setup. As of June 30, 2020, the allowance for doubtful accounts balance was \$56,245.

#### **Donated Services and In-Kind Contributions**

Volunteers contribute significant amounts of time to our program services, administration, and fundraising and development activities; however, the consolidated financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by accounting principles generally accepted in the United States of America. Contributed goods are recorded at fair value at the date of donation. The Organization records donated professional services at the respective fair values of the services received. The Organization received airtime and production costs valued at \$739,772 for the year ended June 30, 2020. The revenues and expenses for these contributions are recorded in management and general in the consolidated statement of functional revenue and expenses.

#### Advertising and Marketing Costs

Advertising and marketing costs are charged to operations when incurred. Advertising and marketing costs charged to operations were \$1,086,798 for the year ended June 30, 2020.

#### **Benefits**

The Organization has a partially self-insured health benefit program covering medical and prescription claims. The plan includes a stop-loss provision that insures claims exceeding \$175,000.

The Plan offers health benefits to regular, full-time employees working 30 or more hours per week and their beneficiaries and covered dependents once a 90-day waiting period is met. The cost of health care services is recognized as a deduction in the period in which it is provided to participants. Liabilities for health claims incurred but not reported are estimated based on historical claims and industry trends.

## **Functional Allocation of Expenses**

The costs of program and supporting services activities have been summarized on a functional basis in the consolidated statement of activities. The consolidating statement of functional revenues and expenses presents the natural classification detail of revenues and expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The allocation methods used are subject to a degree of estimation by management. Directly identifiable expenses are charged to program and supporting services. Salary and related expenses related to more than one function are charged to program and supporting services on the basis of direct time and effort reporting. Management and general expenses include those expenses that are not directly identifiable to any other specific function but provide for the overall support and direction of the Organization.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Use of Estimates in the Preparation of Consolidated Financial Statements

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Income Taxes (Continued)**

FIC, a for-profit company, files a consolidated income tax return with its subsidiaries, Tiempo, Futuro Camion Servicios, LLC; LCC; LCD; LCD Nevada; LCR; LCR NV; Liberty-Irvington, LLC; Central and Grant Plaza, LLC; CPLC Main and Country Club LLC; Main and Country Club LLC Mesa Royale East Motel LLC, are organized as Limited Liability Companies whose sole member is FIC. For income tax purposes, they are disregarded entities and are treated as departments of FIC. Friendship Community Mental Health Center, Inc.; and CPLC Prestamos are each separately taxable corporations and are responsible for filing their own income tax returns.

The Organizations have sustained operating losses in previous and current years from its for-profit subsidiaries and have loss carryforwards aggregating approximately \$2.43 million dollars. Capital loss carryforwards (\$524,081) expire in 2022. Net operating losses (\$2.43 million) expire in years through 2038. There are also charitable contribution carryovers of approximately \$1 million that expire in years through 2022. The loss carryforwards generate a deferred tax asset that may be realized in future years. It is the opinion of management that it is more likely than not that some portion or all of the deferred tax asset will not be realized. The Organization has elected to record a valuation allowance to reduce any deferred tax assets to zero as of June 30, 2020.

The Organization believes that it has appropriate support for any income tax positions taken and, as such, does not have any uncertain tax positions that are material to the consolidated financial statements. The entities would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

# **Change in Accounting Principle**

In 2020, the Organization adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 208-08, *Not-for-Profit-Entities* (Topic 958): *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made.* There was no material impact on the Organization's financial position or change in net assets upon adoption of the new standard.

As part of the Organization's liquidity management plan, the Organization invests cash in excess of daily requirements in short-term investments, CDs, and money market funds.

#### NOTE 3 FAIR VALUE MEASUREMENTS AND DISCLOSURES

Fair value measurement applies to reported balances that are required or permitted to be measured at fair value under an existing accounting standard. The Organization emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

*Level 1* – Quoted prices (unadjusted) in active markets for identical assets or liabilities that we can access at the measurement date.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

*Level 3* – Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities may include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to entire measurement requires judgment, taking into account factors specific to the asset or liability.

The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to our assessment of the quality, risk or liquidity profile of the asset or liability.

#### NOTE 3 FAIR VALUE MEASUREMENTS AND DISCLOSURES (CONTINUED)

The following table summarizes the valuation of CPLC's assets and liabilities subject to measurements at fair value on a recurring basis as of June 30, 2020:

The following table presents the fair value hierarchy for the balances of financial assets measured at fair value on a nonrecurring basis as of June 30, 2020:

	Lev	el 1	Lev	el 2	Level 3		Total
Real Estate Held for Sale	\$	-	\$	-	\$ 276,720	\$	276,720
Impaired Loans			V	-	 204,115	-	204,115
Total Assets at							
Fair Value	\$	-	\$	-	\$ 480,835	\$	480,835

The fair value of impaired loans is estimated based on either the loan's obtainable market price of the fair value of the collateral if the loan is collateral dependent or the discounted cash flows of future payments. Each method contains significant unobservable inputs and thus is classified as Level 3 fair value measurement.

A portion of the real estate held for sale is based on what the local markets are currently offering for assets with similar characteristics, less costs to sell, which CPLC classifies as Level 3 fair value measurement. The most common approach is through appraisals which are evaluated for various factors including age of the appraisal, age of comparables included in the appraisal, and known changes in the market and in the collateral.

A summary of unobservable inputs for Level 3 assets measured at fair value on a nonrecurring basis as of June 30, 2020, are as follows:

Real Estate Held for Sale	Valuation Technique Collateral Valuation	Unobservable Inputs Discount from Market Values	Range (Weighted <u>Average)</u> 70% to 100% 70%
Impaired Loans	Collateral	Discount from	90% to 100%

# **Credit Quality Indicators**

PC categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt such as: current financial information, historical payment experience, collateral adequacy, credit documentation, public information, and current economic trends, among other factors. PC analyzes loans individually by classifying the loans as to credit risk. This analysis typically includes micro, business, and residential loans. This analysis is performed on an ongoing basis as new information is obtained. PC uses the following definitions for risk ratings:

<u>Pass</u> – Loans classified as pass represent loans that are evaluated and are performing under the stated terms. Pass rated assets are analyzed by the paying capacity, the current net worth, and the value of the loan collateral of the obligor.

<u>Non-Pass</u> – Loans classified as Non-Pass possess weaknesses that require management attention, such as being inadequately protected by the current net worth, paying capacity of the obligor, or by the collateral pledged. Non pass loans must have a well-defined weakness or weaknesses that jeopardize the repayment of the debt as originally contracted. They are characterized by the distinct possibility that PC may sustain a loss if the deficiencies are not correct. Loans in this category are allocated a specific reserve based on the estimated discounted cash flows from the loan (or collateral value less cost to sell for collateral dependent loans) or are charged off if deemed uncollectible.

# <u>Credit Risk Profile by Internally Assigned Grade – Micro Loans, Business Loans, and</u> <u>Residential Mortgage</u>

A loan is considered impaired when, based on current information and events, it is probable that Prestamos will be unable to collect all the scheduled payments of principal or interest when due according to the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when they are due. Loans that experience insignificant payment delays and payments shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payments shortfalls on case by case basis, taking into consideration all of the circumstance surrounding the loan and the borrower, including the length of the delay, the reason for the delay, the borrower's prior payments record, and the amount if the shortfall in relation to the principal and interest owed.

Under certain circumstances, Prestamos will provide borrowers relief through loan restructuring. A restructuring of debts constitutes a troubled debt restructuring (TDR) if Prestamos for economic or legal reasons related to the borrower's financial difficulties grants concessions to the borrower that would not otherwise consider. TDR concession can include reduction of interest rates, extension of maturity dates, or payment reduction. Prestamos considers all aspects of the restructuring to determine whether it has granted a concession to the borrower. An insignificant delay in payment resulting from a restructuring is not deemed to be a concession and would not be considered TDR.

On March 22, 2020, Interagency statement of Loan Modifications and Reporting for Financial Institutions Working with Customers Affected by the Coronavirus (interagency release) was issued and later revised on April 7, 2020. The Interagency Release seeks to provide relief when structuring loan modification with the borrowers impacted by COVID-19. In order to qualify the modification must be related to COVID-19, the loan was current at the time the modification was implemented, and the modification period must be six months or less. Under the interagency release, these loan modifications are not considered to be TDR's.

Based on the most recent analysis performed, the risk category of loans by class of loans for PC as of June 30, 2020 was as follows:

Pass	Non Pass

# NOTE 14 COMMITMENTS AND CONTINGENCIES

Five of the HUD properties have a housing assistance payments contract (HAP). The HAP contract is a rent assistance program for low-income families (or persons) as provided by the Section 8 Program of the National Housing Act of 1959. Eligible low-income tenants pay 30% of their income as rent, while HUD pays the difference between this rental amount and "contract rents" (as defined). CPLC can request from HUD an amount equal to 80% of contract rent during periods that the unit is vacant if certain conditions are met, but not to exceed 60 days. If a unit continues to be vacant after the 60-day period, CPLC may submit a claim and receive additional housing assistance payments on a semi-annual basis if certain conditions are met as outlined in the HAP contract.

The HAP contracts expire beginning in 2020 through 2033 as follows:

Casa de Primavera Apartments	March 31, 2033
Casa Del Pueblo	March 31, 2021
Casa Del Pueblo II	January 31, 2021
Guadalupe Barrio Nuevo	June 1, 2038
Casa Mia Senior Apartments	April 30, 2021

Management intends to renew the HAP contracts as they expire. The rental income from these contracts represents approximately 17% of total rental income from real estate for the year ended June 30, 2020. It is uncertain whether the contracts will be extended. HUD is contemplating several changes, which may have a significant financial impact on the properties. Management cannot reasonably estimate the ramifications, if any, of these uncertainties.

# NOTE 14 COMMITMENTS AND CONTINGENCIES (CONTINUED)

CPLC guarantees the debt of a nonconsolidated real estate venture. The debtor holds the deed of trust on the underlying real property. Payments on the debt are due in monthly installments and the debt matures in 2034. CPLC would be obligated to perform under this guarantee if the real estate venture failed to pay principal and interest payments to the lender as due. CPLC's guarantee on the performance of the debt was approximately \$462,468 as of June 30, 2020. As of June 30, 2020, the real estate venture was current with their debt payments.

CPLC participates in a number of federal and state-assisted grant and contract programs which are subject to financial and compliance audits. The audits of these programs for, or including, the year ended June 30, 2020 remain subject to review. Accordingly, CPLC's compliance with applicable grant or contract requirements may be established at some future date. The amount, if any, of expenditures or fees for units of service which may be disallowed by the granting or contracting agencies cannot be determined at this time, although the CPLC's management expects such amounts, if any, to be immaterial.

CPLC is guarantor of a line of credit for a nonprofit organization, Help-New Mexico. At June 30, 2020, the borrowing limit was \$1,000,000, and the outstanding balance was \$358,882.

In the normal course of business, CPLC is subject to various lawsuits. It is the opinion of management that the resolution of such lawsuits will not have a material adverse effect on the consolidated financial statements taken as a whole. Accordingly, no provision has been made in the accompanying consolidated financial statements for losses, if any, that might result from the ultimate outcome of these matters.

## NOTE 16 ENDOWMENT

CPLC's board of directors has interpreted the Arizona Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. At June 30, 2020, there were no such donor stipulations. As a result of this interpretation, CPLC classifies as endowment net assets (a) the original value of gifts donated to the Endowment, (b) the original value of subsequent gifts donated to the Endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. The remaining portion of the donor-restricted endowment is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

CPLC considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the organization
- The investment policies of the organization

The changes in endowment net assets by fund for the year ended June 30, 2020 are as follows:

	Without Donor Restriction		 /ith Donor estrictions	Total		
Endowment Net Assets -						
Beginning of Year	\$	-	\$ 124,110	\$	124,110

Endowment Net Assets -				-		
End of Year	\$		\$ -	\$		

The endowment allows for the corpus to be distributed annually through 2021.

#### NOTE 16 ENDOWMENT (CONTINUED)

#### **Investment and Spending Policies**

CPLC has adopted investment and spending policies for the Endowment that attempt to provide a predictable stream of funding for operations while seeking to maintain the purchasing power of the endowment assets. Over time, long-term rates of return should be equal to an amount sufficient to maintain the purchasing power of the Endowment assets, to provide the necessary capital to fund the spending policy, and to cover the costs of managing the Endowment investments. The target minimum rate of return is the Consumer Price Index plus 5% on an annual basis. Actual returns in any given year may vary from this amount. To satisfy this long-term rate-of- return objective, the investment portfolio is structured on a total-return approach through which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). A significant portion of the funds are invested to seek growth of principal over time.

CPLC's annual appropriations are at the discretion of the board of directors.

# NOTE 17 DONATED PROFESSIONAL SERVICES AND MATERIALS

CPLC received donated professional services for production and on-air media in the amount of \$641,345 and other donated professional services and materials in the amount of \$102,653 for the year ended June 30, 2020.

#### NOTE 18 NEW ACCOUNTING STANDARDS

In May 2014, FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, to improve revenue recognition guidance. The ASU affects any entity that enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets. The ASU does not impact existing guidance on accounting for contributions but is applicable to exchange transactions. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Revenue recognition will go through a five step process: 1) identify the contract with a customer, 2) identify the performance obligations in the contract, 3) determine the transaction price, 4) allocate the transaction price to the performance obligation. The Organization is currently evaluating the impact of adopting ASU 2014-09 and has not determined the effect to the consolidated financial statements. The Organization will be required to adopt the new standard for its fiscal year beginning July 1, 2020. The standard requires retroactive application.

# NOTE 18 NEW ACCOUNTING STANDARDS (CONTINUED)

In February 2016, the FASB issued ASU 2016- 02, Leases, to improve financial reporting about leasing transactions (Topic 842). The ASU affects all lease transactions. Lessors will classify leases as either a sales-type, direct financing, or operating lease. In a sales-type lease, the lessor transfers control of the underlying asset to the lessee. At lease commencement, the lessor should derecognize the leased asset and record its net investment in the lease. The net investment in the lease consists of a lease receivable and the unguaranteed residual asset. In a direct financing lease, the lessor should derecognize the leased asset underlying the lease and record a net investment in the lease at lease commencement. The net investment in the lease should be measured in the same manner as a sales-type lease adjusted for selling profit and initial direct costs. An operating lease is neither a sale nor financing of an asset. The lessor should keep the asset underlying the lease on its balance sheet and continue to depreciate the asset based on its useful life. Rental revenue should be recognized on a straight-line basis. CPLC has several leasing transactions. The amendments in this update are effective for years beginning after December 15, 2021. The Organization is currently evaluating the impact of adopting ASU 2016-02 and has not determined the effect to the consolidated financial statements. The standard requires a modified retrospective approach to implementation.

In June 2016, the FASB approved ASU 2016-13, *Financial Instruments – Credit Losses* (Topic 326): *Measurement of Credit Losses on Financial Instruments.* The main objective of the ASU is to provide financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. To achieve this objective, the amendments in the ASU replace the incurred loss impairment methodology in accounting principles generally accepted in the United States of America with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. This ASU is effective for the fiscal year beginning after December 15, 2022. Early adoption is permitted for the fiscal year. The Organization will evaluate the impact of ASU 2016-13 on its consolidated financial statements.

Maricopa County Human Services Department 234 North Central, Suite 3000 Phoenix, AZ 85004

To Whom It May Concern:

CliftonLarsonAllen LLP (CLA) was engaged to audit the consolidated financial statements of Chicanos Por La Causa, Inc. Affiliates and Subsidiaries as of and for the year ended June 30, 2020, pursuant to an engagement letter dated June 17, 2020. We rendered our unmodified opinion on those consolidated financial statements dated November 30, 2015. Our audit was conducted in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Additionally, CLA has been engaged to perform the audit of the consolidated financial statements as of and for the year ended June 30, 2021 which is in process.

As part of performing an audit in accordance with generally accepted auditing standards, AU-C Section 315 states that: "The auditor should obtain an understanding of internal control relevant to the audit. When obtaining an understanding of controls that are relevant to the audit, the auditor should evaluate the design of those controls and determine whether they have been implemented by performing procedures in addition to inquiry of the entity's personnel." This understanding was obtained in connection with the fiscal 2020 audit of the consolidated financial statements. We also issued an Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* report which indicated that our observations identified no material weaknesses in internal accounting control.

A copy of our audit opinion audit reports on the consolidated financial statements of Chicanos Por La Causa, Inc. and Subsidiaries and Affiliates, which was conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards can be located at the Federal Audit Clearinghouse: https://facweb.census.gov/uploadpdf.aspx.

This letter is intended for use only by the Maricopa County Human Services Department and should not be used for any other purposes. Please contact me at 602-604-3515 if you have any questions regarding the above.

Sincerely, CliftonLarsonAllen LLP

# EXHIBIT F - CERTIFICATION REGARDING DEBARMENT

#### Instruction for Certification

- 1. By signing and submitting this proposal, the prospective recipient of Federal assistance funds is providing the certification as set out below.
- 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective recipient of Federal assistance funds knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the U.S. Department of Housing & Urban Development (HUD) may pursue available remedies, including suspension and/or debarment.
- 3. The prospective recipient of Federal assistance funds shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective recipient of Federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4. The terms "covered transaction," debarred," "suspended", "ineligible", "lower tier covered transaction", "participant", "person", "primary covered transaction", "principal", "proposal", and "voluntarily excluded", as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
- 5. The prospective recipient of Federal assistance funds agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized by HUD.
- 6. The prospective recipient of Federal assistance funds further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Procurement or Non-procurement Programs.
- 8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier transaction with a person who is suspended, debarred, ineligible or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, HUD may pursue available remedies, including suspension and/or debarment.

#### Certification Regarding Debarment, Suspension Ineligibility and Voluntary Exclusion Lower Tier Covered Transactions

(Before completing certification, read instructions which are an integral part of the certification)

- 1. The prospective recipient of Federal assistance funds certifies, by submission of this proposal, that neither it, nor its principals, are presently debarred, suspended, proposed from debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- 2. Where the prospective recipient of Federal assistance funds is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
