- A. Describe the ARIZONA@WORK system in the LWDA to include the following (20 CFR 679.560(b)(1)(i)):
- i. Name of the county(ies), city, and/or tribes included in the LWDA;

ARIZONA@WORK – Southeastern Arizona local workforce development area includes the counties of Cochise, Graham and Greenlee. Below is the history of our three-county area we would like to share with the readers of our local plan.

Cochise County was named for the renowned Apache chief in 1881, when it was established during the 11th Territorial Assembly. Archeological finds date civilization along the San Pedro River to 9000-6000 B.C., when members of the Clovis civilization inhabited the area.

Tombstone, one of the largest cities in the western United States in 1881, was designated the first county seat. Tombstone's silver mines flooded in 1887, devastating the community, but the county seat stayed in Tombstone, the "town too tough to die," until 1929 when Bisbee became the county seat.

Like Tombstone, Bisbee was a mining town – site of the Copper Queen Mine and famous Lavender Pit, discovered in 1877. Mining continued there through much of the 20th century. Today Bisbee is a popular artist community and tourist destination.

Benson, founded in 1880, is on I-10 at the gateway to Kartchner Caverns State Park. Some 30 miles south are the thriving communities of Sierra Vista, the largest city in the county, and Huachuca City. Both are economic neighbors of Fort Huachuca, one of the largest employers in southern Arizona. Fort Bowie, Coronado National Memorial and the Chiricahua National Monument are national park facilities.

Cochise County also is an important agricultural area. With 6,219 square miles, Cochise is as big as Rhode Island and Connecticut combined. Once known as the Cattle Capital of the nation, Willcox is the home of the largest weekly cattle auction in Arizona. Specialty crops and livestock, including exotic animals, play an important role in the local economy. Douglas, once dependent upon mining and agriculture, has developed a manufacturing base because of its location on the U.S.-Mexico border. Cochise is one of only three counties in Arizona without an Indian reservation. Individual and corporate ownership account for 40 percent of the land; the state of Arizona, 35 percent; the U.S. Forest Service and Bureau of Land Management, 22 percent; and other public lands make up the remaining 4 percent.

<https://www.azcommerce.com/a/profiles/ViewProfile/3/Cochise+County/>

Graham County, formed in 1881 by the 11th Territorial Legislature, was created from parts of Apache and Pima counties. The Legislature broke with the tradition of naming Arizona counties after local Indian tribes when the new county called "Graham" was named after the 10,516-foot

Mount Graham, the highest peak in the area. The mountain, in turn, had been named "Graham" after Lt. Col. James Duncan Graham, a senior officer in the U.S. Army Corps of Topographical Engineers.

Graham County was inhabited by Apache Indians from prehistoric times up to the present day. Indian village sites and sacred sites abound in Graham County, rich in archaeological artifacts. There were no Spanish or Mexican settlements in Graham County until about 1850. Camp Goodwin was established in 1866, but abandoned when the troops moved to establish Fort Apache in 1871.

In the 1870s, farming communities began to appear along the Gila River, which traverses the county from east to west. Munsonville, now San Jose, was established in 1873; Safford followed in 1874; Solomonville in 1876; Smithville, now known as Pima, in 1879. In the next decade, Thatcher, Eden, Central, and Bryce were settled – all within a few miles of each other. This was, and is today, a rich agricultural area.

Safford was the first county seat, but it was moved to Solomonville after two years. In 1915, after an election, the county seat was returned to Safford where it remains.

Graham County was almost twice its present size prior to the formation of Greenlee County. The county now measures 4,630 square miles, of which 22 square miles are water. The San Carlos Indian Reservation covers approximately one-third of the land, with San Carlos Lake a popular site for its excellent fishing and camping. Recreation and tourism follow farming and ranching as the principal industries in Graham County.

Individual or corporate ownership accounts for 10 percent of land ownership; the U.S. Forest Service and Bureau of Land Management, 38 percent; the state of Arizona, 18 percent; Indian reservations, 36 percent.

<https://www.azcommerce.com/a/profiles/ViewProfile/6/Graham+County/>

Greenlee County, Arizona's 14th county, was created in 1909 by an act of the 25th Territorial Assembly. The county was formed from the eastern portion of Graham County and named for Mason Greenlee, an early settler in the Clifton area. There was significant resistance to the formation of the new county because Graham County would lose considerable revenue as a result. As a compromise, Greenlee County was considerably smaller than originally proposed. Clifton is, and has always been, the county seat.

Copper ore was discovered in the Clifton area in 1869, and claims and mines were established two years later. By 1918, most of the early copper mines – the King at Metcalf, the Longfellow claim near Clifton, the Shannon Copper Company holdings at Morenci – had been absorbed by the Arizona Copper Company. Later, Arizona Copper was purchased by Phelps Dodge Corp., which had developed its own mining and smelting interests in Morenci. Phelps Dodge merged with Freeport McMoRan, which remains a major employer in the county.

The topography consists of high mountain ranges, river valleys and desert terrain. The famed Coronado Trail (U.S. 191) twists and turns 117 miles from Clifton (elevation 3,466) north to Springerville in Apache County (elevation 6,856 feet) and affords breathtaking, panoramic views.

In addition to the major contribution copper makes to the county's economy, ranching, agriculture and tourism are factors as well. Apache National Forest in the northern half of the county is home to deer, elk, antelope and bear. Hannagan Meadow, at 9,092 feet, and the Blue Range Primitive Area are popular for hunters and campers.

Greenlee County covers 1,848 square miles and is only one of three counties in Arizona without an Indian Reservation. The vast majority of land is government-owned. The U.S. Forest Service controls 64 percent; the U.S. Bureau of Land Management, 15 percent; the state of Arizona, 15 percent; individual or corporate ownership, only 7 percent and other public lands make up the remaining 1 percent.

Workforce development activities, including education and training activities in the region consist of working with our two Community

Colleges, Cochise College and Eastern Arizona College. We attempt to work together proactively instead of reactively. Both colleges make every effort to update their ETPL listing on an ongoing basis. Title I-B will refer potential students to the colleges and the colleges will refer potential participants to the Title I-B program. We work with the participants and Colleges to make sure the participant will succeed in their post- secondary programs. We also, work with other training providers on the ETPL so our participants will have a choice to attend their training facility instead of a post- secondary institute. The participants may want short term stackable credentials for employment purposes.

We work with the participants during their eligibility determination, objective assessment and individual employment plan either for enrollment into a training activity and/or employment. We do administer the TABE testing to see if they are basic skills deficient. We also, will utilize the Arizona Readiness Credential and in depth interviewing of the client to see if they basic skills deficient.

The initial eligibility documents from training providers will be completed and filed through the AJC system (Arizona Job Connection). The local ETPL approver will pull documents from AJC system to review and make the decision with input from the Workforce Innovation and Opportunity Act staff to approve or disapprove the eligibility documents. If the application is approved the provider information is forwarded to the State ETPL Coordinator and the Coordinator approves/disapproves the training provider. The local workforce development board is informed about all of the applications for the ETPL.

If the local workforce area decides they need to do outreach to training providers to our sector strategy areas the executive director or deputy director or career advisors or ETPL approver will contact the training providers to ascertain if they are interested in participating in the workforce innovation and opportunity act training programs. If the answer is yes, we will direct them to the Arizona Job Connection system to file an application to begin the process of becoming an eligible training provider.

Occupational and Basic Skills goals are set and attainment pending weekly evaluation by employer as well as career advisors. Counties Career Advisors offer leadership opportunities, comprehensive guidance and adult mentoring through internships and professional skills classes as well as tutoring opportunities within local educational entities. All youth participants are made aware of all supportive and follow up services available before, during and after the completion of career services.

If the LWDB determines that there are insufficient number of Eligible Training Providers in the LWDA to accomplish the purpose of a system of ITAs, the determination process must include a public comment period for interested providers of a least 30 days and must also be described in the Local Plan (20 CFR 680.320);

On-the-job training (OJT) is provided under a contract with an employer in the public, private non-profit or private sector. Through the OJT contract, occupational training is provided in exchange for the reimbursement of up to 50% percent of the wage rate to compensate for the employer's extraordinary costs to train an employee to be 100% productive in their job upon the completion of training.

The OJT is limited in duration, as appropriate to the occupation for which the WIOA Title I-B participant is being trained. LWDA staff must consider:

- A. Skill requirements of the occupation;
- B. Academic and skill levels of the participant;
- C. Prior work experience; and
- D. The IEP (Individual Employment Plan)

Customized training arrangements entail the commitment by the employer to hire trainees after successful training completion or to continue to employ & advance incumbent employees after successful training completion. Employers that enter into customized training agreements commit to funding up to 50 percent of the cost of the training.

Customized training will be based upon a contractual agreement between the ARIZONA@WORK Southeastern Arizona (SEAZ) and an employer (or group of employers) to provide a specialized training to its employees. Potential new hires and incumbent employees may participate in customized training, though incumbent employees must be determined to not be earning self-sufficient wages in order to participate, and their training must be related to the introduction of new technologies in the workplace, skills upgrading for new jobs, or other related purposes. After successful completion of training, SEAZ must receive a copy of the credential.

- iii. Describe how the LWDB will ensure informed consumer choice in the selection of training programs regardless of how the training services are to be provided. (20 CFR 679.560(b)(18)).

WIOA Title I-B emphasizes informed consumer choice in the

selection of training programs. The LWDB working with the LWDA staff informs the consumer of Arizona's statewide Eligible Training Provider List (ETPL) which includes training providers who are eligible to receive WIOA Title IB funds to train eligible adults and dislocated workers as well as training program cost, credential information and performance information. Arizona's ETPL can be accessed via Arizona Job Connection (AJC) website, www.azjobconnection.gov. The consumer is given a training proposal which includes a school information questionnaire that is required to be completed with the school or schools which offers the training they are looking at in order to make a better-informed decision of where to attend for training.

- I. A description of how the LWDB will coordinate Title I workforce investment activities with the provision of transportation (including public transportation), and other appropriate supportive services in the LWDA and region (20 CFR 679.560(b) (10)). List types of supportive services that will be provided using WIOA Title I-B funds in the LWDA, per LWDB policy, including if needs-related payments will be provided to participants of WIOA Title I-B training services.

Cochise, Graham and Greenlee counties are rural counties in the state of Arizona. Each county differs in the provision of transportation. Public transportation is provided in the City of Sierra Vista in Cochise County. Cochise Connection is an intercity bus service linking the cities of Douglas, Bisbee and Sierra Vista which began service August, 2017. Cochise Connection is administered by the Southeastern Arizona Governments Organization (SEAGO) and operated through an agreement with the City of Douglas. The other cities/towns in Cochise, Graham and Greenlee counties do not offer public transportation to the general public. We will provide supportive services for transportation to clients in the local area by purchasing bus passes in the City of Sierra Vista and for Cochise Connection. In the other parts of the tri-county area we will reimburse clients for transportation costs enrolled in eligible training programs.

Other types of appropriate supportive services in the LWDA and region that will be provided using WIOA Title I-B funds in the LWDA:

The adult must be unemployed and not qualify for, or have ceased qualifying for, unemployment compensation and be enrolled in a WIOA program of training or education services. The current limit of needs-related payments is \$1,500 unless approved by the Executive Director.

Needs-Related Payments (Dislocated Workers)

Meals/Food

When meals and/or food are not readily available through other means of resources, ARIZONA@WORK-Southeastern Arizona may purchase and/or reimburse for meals and/or food. The current ARIZONA@WORK-Southeastern Arizona per-diem rate may be used for calculation.

All Supportive services will be properly recorded in AJC on the Service & Training (S&T) plan.

Supportive Service Prohibitions

Per 2 CFR 220, unallowable costs do not meet the conditions of supportive services include, but are not limited to:

Follow-Up Services

The WIOA Title I-B Youth program allows the provision of supportive services as a follow-up service to ensure the youth is successful in employment and/ or post- secondary and training.

The WIOA Title I-B Adult and Dislocated Worker does not allow the provision of supportive services after the completion of participation as supportive services are provided to enable adults and dislocated worker to participate in career and training services.

Client budgets are entered into Arizona Job Connection and supportive services are properly recorded in Arizona Job Connection on the Service & Training (S&T) plan.

- m. A description of how the LWDB determines if a youth or adult “is unable to compute or solve problems, or read, write, or speak English, at a level necessary to function on the job, in the individual’s family, or in society” as included in the definition of “basic skills deficient” in WIOA 3(5).

Youth and adults enrolled in training services take the Test of Adult Basic Education (TABE) so the LWDB can determine if the participant is basic skills deficient. The LWDB also reviews school records for youth and adult, does in-depth interviewing and evaluation, and/or refer them to Adult Education programs located in Southeastern Arizona to identify employment barriers and to determine if they are basic skills deficient.

A youth is basic skills deficient if the youth performs any of the following at or below an

8.9 grade level: Compute or solve math problems; read English; write English; or speak English at a level necessary to function on a job, in the individual’s family, or in society.

An adult is basic skills deficient when he or she is unable to: Compute or

solve problems or is unable to read, write, or speak English at a level necessary to function on the job, in his or her family, or in society.

- n. Describe how the LWDB will ensure the WIOA Title I-B Adult Program for priority of service to low-income individuals, recipients of public assistance, and individuals who are basic skills deficient (20 CFR 680.600).

LWDA will determine priority of service for individuals in the WIOA Title IB Adult Program for individualized, career or training services. Priority of service will be determined as followed:

A veteran or an eligible spouse of a veteran who:

- i. Is currently receiving public assistance, or has received public assistance in the last six months,
- ii. Is low-income:
 - a. Currently receiving or has received public assistance in the last six months, either solely or as a member of a family;
 - b. A member of a family whose total family income does not exceed the higher of either the poverty line or 70 percent of the Lower Living Standard (LLSIL);
 - c. A homeless individual as defined in 42 U.S.C. 14043e2(6) of the Violence Against Women Act of 1994, or 42 U.S.C. 11434a(2) of the McKinney-Vento Homeless Assistance Act; or
 - d. An individual with a disability whose own income meets the income requirement in Section 104.02(A)(2), but is a member of a family whose income does not meet this requirement.

 - a. Compute or solve problems; or
 - b. Is unable to read, write, or speak English at a level necessary to function on the job, in his or her family, or in society.
- iv. Eligible Spouse means the spouse of any of the following:
 - a. A person who died of a service-connected disability.
 - b. Any member of the Armed Forces serving on active duty who at the time of application for

the priority is listed, as one of the following:

- i. Missing in action;
 - ii. Captured in line of duty by hostile force;
 - iii. Forcibly detained or interned in line of duty by foreign government or power;
- c. Any veteran who has a total disability resulting from a service-connected disability.
 - d. Any veteran who died while a disability as evaluated was in existence.

A non-veteran who:

- I. Is currently receiving public assistance, or has received public assistance in the last 6 months,
- II. Is low-income:
 - a. Currently receiving or has received public assistance in the last six months, either solely or as a member of a family;
 - b. A member of a family whose total family income does not exceed the higher of either the poverty line or 70 percent of the Lower Living Standard (LLSIL);
 - c. A homeless individual as defined in 42 U.S.C. 14043e2(6) of the Violence Against Women Act of 1994, or 42 U.S.C. 11434a(2) of the McKinney-Vento Homeless Assistance Act; or
 - d. An individual with a disability whose own income meets the income requirement in Section 104.02(A)(2), but is a member of a family whose income does not meet this requirement.
- III. Is basic skills deficient – an adult is basic skills deficient when he or she is unable to:
 - a. Compute or solve problems; or
 - b. Is unable to read, write, or speak English at a level necessary to function on the job, in his or her family, or in society.

A veteran or an eligible spouse of a veteran who is not included in WIOA priority groups identified above:

- a. Currently receiving or has received public assistance in the last six months, either solely or as a member of a family;
 - b. A member of a family whose total family income does not exceed the higher of either the poverty line or 70 percent of the Lower Living Standard (LLSIL);
 - c. A homeless individual as defined in 42 U.S.C. 14043e2(6) of the Violence Against Women Act of 1994, or 42 U.S.C. 11434a(2) of the McKinney-Vento Homeless Assistance Act; or
 - d. An individual with a disability whose own income meets the income requirement in Section 104.02(A)(2), but is a member of a family whose income does not meet this requirement.
- o. A description of how the LWDB will provide Veterans Priority of Service. The strategies must include processes in place to ensure that veterans and eligible spouses are identified at the point of entry and given an opportunity to take full advantage of priority of service for all types of career and training services (20 CFR 680.650).

Priority of Service is the right of an eligible “**Covered Person**” to be given priority of service over an eligible non-covered person for the receipt of employment, training and placement services, notwithstanding other provisions of the law. Covered persons take precedence over non-covered persons in obtaining services and shall receive access to services and resources earlier in time than a non-covered person. If services or resources are limited, the covered person receives access instead of or before the non-covered person.

You are a “**Covered Person**” and are entitled to Priority of Service if:

- You served in the military or air service, were discharged or released under conditions other than dishonorable as specified in 38 U.S.C 101(2);
- Active service includes full time National Guard or a Reserve component, other than full time duty for training; or
- You are the spouse of:
 - Any veteran that died of a service connected disability; or

- Any member of the armed forces service on active duty who, at the time of application for the priority, is listed as one or more of the following categories and has been so listed a total of more than 90 days:
 - Missing in Action,
 - Captured in line of duty by a hostile force,
 - Forcibly detained or interned in the line of duty by a foreign government.
- Any veteran who has a total disability resulting from a service connected disability, as evaluated by the Veterans Administration,
- Any veteran who died and a total disability (service connected), as evaluated by the Department of Veteran Affairs, was in existence.

Each customer phoning in and/or physically coming into the Job Centers or seeking services virtually will be asked if they are a veteran or spouse of a veteran. If the customer answers yes on the phone, then they would be asked if they would like to speak to a DVOP to assist them. If they say yes, the phone call will then be transferred to a DVOP, if available. The DVOP would ask the veteran to complete the VPOS (Veterans Priority of Service Significant Barrier Screening) form over the phone to determine eligibility for Veterans Priority of Service. If a veteran or eligible spouse call into the job center and a DVOP is not available job center staff will ask the veteran or eligible spouse to complete the VPOS form. Job Center staff are trained and aware of Priority of Service entitlement. When a veteran or spouse of a veteran arrive at the Job Center and answer yes to question, are you a veteran or spouse of a veteran, they will be given a POS (priority of service) form to complete if a first time visit to the job center. Once completed a workforce specialist and/or a DVOP will work with the veteran or spouse of a veteran. On subsequent visits to the job center veterans and spouses of a veteran will be asked if they are a veteran or a spouse of a veteran to receive priority of service and will not have to complete POS form again. If the customer accesses the Job Centers' services virtually, the customer will be asked if they are a veteran or spouse of a veteran. The DVOP or Job Center staff would ask the veteran to complete the VPOS form virtually (by asking the veteran the questions virtually on the VPOS form.) to determine eligibility as a covered person. All covered persons may not be eligible to receive services from DVOP specialists. DVOP specialists provide services to veterans and

eligible spouses with significant barriers to employment and to “additional populations.”

- p. Provide the LWDB’s definition of “underemployed”. The definition of “underemployed” may be used to determine whether employed adults and dislocated workers are in need of individualized career and training services through the WIOA Title I-B Adult and Dislocated Worker Programs:
- i. Options defining “underemployed” are described in the United States Department of Labor Training and Employment Guidance Letter TEGL 19-16, section 11).

In addition to providing career and training services to individuals who are unemployed, a significant number of job seekers are underemployed.

Examples of underemployed individuals that the policies may include are:

- Individuals employed less than full-time who are seeking full-time employment;
- Individuals who are employed in a position that is inadequate with respect to their skills and training;
- Individuals who are employed who meet the definition of a low-income individual in WIOA sec. 3(36); and
- Individuals who are employed, but whose current job’s earnings are not sufficient compared to their previous job’s earnings from their previous employment.

Individuals who are underemployed and meet the definition of a low-income individual may receive career and training services under the Adult program on a priority basis per Section 10 of this TEGL. Individuals who meet the definition of an individual with a barrier to employment (see WIOA sec.

3(24)) who are underemployed may also be served in the Adult program; however, unless they are a recipient of public assistance, a low-income individual, or are basic skills deficient, they are not eligible for service on a priority basis. Individuals who were determined eligible for the Dislocated Worker program who are determined by State and/or local policies to be underemployed, may still be considered eligible to receive services under the Dislocated Worker

program depending on State and/or local policies. For instance, an individual who is dislocated from a full-time job who has found part-time employment may still be considered a dislocated worker by State and/or local policies. Source: DOL TEGL 19-16, section 11.

- ii. When the LWDB decides to use the self-sufficiency income for the LWDA in the local plan to define “underemployed”, the LWDB must ensure that the self-sufficiency income level has been reviewed and is set at the appropriate level.

The Local Workforce Development Board utilizes the Department of Labor’s Poverty and 70 Percent Lower Living Standard Income Level (LLSIL) provided annually.

(2024). The guidelines are used to establish low-income status for WIOA Title I-B programs. Local Workforce Development Areas use the LLSIL to determine eligibility for disadvantaged youth, disadvantaged adult (unemployed), and eligibility for employed adults for certain services and self-sufficiency.

The Local Workforce Development Board attempts to ensure the self-sufficiency level is reflective of the current labor market information by comparing the wages for the six-month period prior to application for eligibility to the lower living standard income level (LLSIL). Below are the LLSIL charts for Cochise, Graham and Greenlee Counties currently used by the Local Workforce Development Area to determine underemployment. (For Dislocated Worker, eligibility does not take into consideration income, unless the applicant has returned to work after layoff. The definition of underemployed is then used to determine if new employment is considered stop gap employment and if the individual can be served as a Dislocated Worker):

 - ii. Include how the LWDB will coordinate WIOA Title I workforce investment activities with adult education and

literacy activities under WIOA Title II. This description must include how the LWDB will carry out the review of local applications submitted under Title II consistent with WIOA secs. 107(d)(11)(A) and (B)(i) and WIOA Sec 232. (20 CFR 679.560(b)(12)).

Adult Education and Literacy Activities are services or instruction below the postsecondary level for individuals who are not enrolled or required to be enrolled in secondary school under state law and lack basic educational skills to enable the individual to function effectively in society and on a job.

Services include, but are not limited to, one-on one instruction, coursework, or workshops that provide direction for the development and ability to read, write, and speak in English, compute and solve problems, at a level of proficiency necessary to function in society or on the job.

Cochise College Adult Education (CCAIE)

coordination of WIOA Title I workforce investment activities will be done:

- By revising MOU between core WIOA partners
- Co-enrollment of students for paid training for in-demand occupations or on-the-job training
- Inviting WIOA partners to Visit CCAIE orientations and classes
- Individualized student referrals between core WIOA partners
- Tracking system created between WIOA partners for co-enrolled students
- Improved communication between core partners for community workforce/career events
- Quarterly meetings between core WIOA partners to report on common performance indicators that provide key employment information
- CCAIE proctors test for core partner clients for TABE and Arizona Career Readiness Credential

Gila County Adult Education Program (GCAEP) coordination of WIOA Title I- Workforce investment activities will be

done:

- Will provide distance learning opportunities in Greenlee County
- Local HSE classes are planned to be held in Greenlee County Library to provide more support to distance learners and allow for more conversation with core partners to visit students in this location.

Graham County is currently not offering Adult Education classes in the county. They are attempting to hire staff at writing of this local plan.

The LWDB members review local applications submitted under Title II to the Arizona Department of Education to be a provider of Adult Education services in Cochise, Graham and Greenlee counties.

A description of plans and strategies for, and assurances concerning, maximizing coordination, improving service delivery, and avoiding duplication of Title III-Wagner- Peyser Act (29 U.S.C. 49 et seq.) services (20 CFR 679.560(b)(11)). Plans and strategies should specifically include how the broader one-stop delivery system and LWDB will incorporate Title III services into the service delivery system.

Title III – Wagner-Peyser programs include services such as job search assistance, help getting a job referral, and placement assistance for job seekers. Additionally, re-employment services are available for unemployment insurance claimants, as well as recruitment services to employers with job openings. Services are delivered in one of three modes including self-service, facilitated self-help services and staff assisted service delivery approaches.

Services offered to employers, in addition to referral of job seekers to available job openings, include assistance in development of job order requirements, matching job seeker experience and job requirements and skills, assisting employers with special recruitment needs, arranging job fairs, assisting employers analyze hard-to-fill jobs orders, assisting with job restructuring and helping employers deal with layoffs. Job seekers who are veterans receive priority referrals

to jobs and training as well as special employment services and assistance. In addition, the system provides specialized attention and service to individuals with disabilities, migrant and seasonal farmworkers, justice-involved individuals, youth, minorities, and older workers.

- How the LWDB will ensure the continuous improvement of eligible providers through the system and that such providers will meet the employment needs of local employers, workers, and job seekers;

The initial eligibility documents from training providers will be completed and filed through the AJC system (Arizona Job Connection). The local ETPL approver will pull documents from AJC system to review and make the decision with input from the Workforce Innovation and Opportunity Act staff to approve or disapprove the eligibility documents. If the application is approved the provider information is forwarded to the State ETPL Coordinator and the Coordinator approves/disapproves the training provider. The local workforce development board is informed about all of the applications for the ETPL.

If the local workforce area decides they need to do outreach to training providers to our sector strategy areas the executive director or deputy director or career advisors or ETPL approver will contact the training providers to ascertain if they are interested in participating in the workforce innovation and opportunity act training programs. If the answer is yes, we will direct them to the Arizona Job Connection system to file an application to begin the process of becoming an eligible training provider.

be used. We inform the training provider how important it is to collect and enter their program's performance data or criteria into Arizona Job Connection system in order to remain eligible for the ETPL listing in subsequent years in meetings and phone calls we may have with them during the initial process of eligibility.

The local workforce area ETPL approver will monitor the training providers to make sure they are in compliance with the ETPL procedures approving local training providers and programs subsequent eligibility as outlined in the state policy.

The Local area Eligibility Training Provider List approver will communicate with the training provider cases where termination of an eligible provider is contemplated because inaccurate information has been provided or their training services are no longer being used.

The Deputy Director will notify the Eligibility Training Provider List approver when the eligible provider information may be inaccurate or we are no longer utilizing the training provider. The approver will contact the training provider to inform them the local workforce area will no longer use their services and the reason why.

Purpose of the Workforce Innovation and Opportunity Act

The Workforce Innovation and Opportunity Act (WIOA) was created to provide state and local areas the flexibility to collaborate across systems in an effort to better address the employment and skills needs of current employees, jobseekers, and employers. WIOA accomplishes this by prescribing: 1. A stronger alignment of the workforce, education, and economic development systems; and 2. Improving the structure and delivery in the system to assist America's workers in achieving a family-sustaining wage while providing America's employers with the skilled workers they need to compete on a global level.

State Priorities

The Local Workforce Development Board shall determine the most appropriate activities to be conducted to fill the gaps in local youth services, with consideration given to activities and providers that:

- provide appropriate services based on age and individual youth needs;
- demonstrate involvement of the business/employer community;
- demonstrate prior successes in providing employment and training services to youth;
- prepare youth for and [foster] success in employment;
- improve educational achievement;
- provide high [level of] support for youth;
- demonstrate the connection between learning and work;
- provide comprehensive guidance and counseling;
- provide accommodations for special needs populations;
- minimize barriers to youth success;
- have active advisory committee of parents, community members involved with youth, local business, and educators;
- coordinate activities with local schools (secondary and post-secondary);
- develop relationships between youth and caring adults;
- involve family members;
- build youth responsibility;
- develop youth citizenship and leadership skills;
- place high expectations on youth and staff; and
- provide follow-up services.

ARIZONA@WORK-Southeastern Arizona Local Workforce Development Board's Vision

ARIZONA@WORK-Southeastern Arizona's Local Workforce Development Board will create a comprehensive workforce investment framework anchored in the underlying principles of the Workforce Innovation and Opportunity Act of 2014 and the State's four broadly defined strategic economic and workforce development goals. The new framework will be based on the key principles of WIOA, to include: streamlined services, empowerment for individuals, universal

access, increased accountability, strong local board and private sector roles, state and local flexibility, and improved services.

This seamless system will be responsive to the needs of both employers and people seeking self-sufficiency through employment. The ultimate measure of success, using the "no wrong door" approach to the One-Stop service delivery system, will be the availability of a skilled workforce for employers in Graham and Greenlee Counties.

ARIZONA@WORK-Southeastern Arizona Local Workforce Development Board (LWDA) Priorities:

The Local Workforce Development Board is responsible for recommending a distribution plan for WIOA youth funds and providers of WIOA youth services, identified through a competitive process, to the SEAZWC Board.

The Local Workforce Development Board's priorities for youth services represent a considered response to the need for youth workforce development services in Cochise County within the framework of the WIOA and the SEAZWC Board's Strategic 5-Year Plan. The following priorities are intended to guide the Youth Provider's activities and to assist the LWDA in recommending the award of contracts to provide youth services.

First, The LWDA intends that WIOA services provide youth participants with appropriate tools to become economically and personally self-sufficient.

Second, The LWDA intends to direct resources to areas where existing resources are inadequate to meet the needs, and to prioritize critical services, and areas where the gaps between existing resources and service needs are greatest.

Third, The LWDA has the responsibility to ensure that service providers meet the performance standards required for youth under the law and defined by the State. The LWDA will ensure that the mix of recommended programs will achieve the highest possible performance on WIOA core indicators for youth.

Fourth, The LWDA recognizes that there is a need for workforce development services throughout Cochise County. The impact of rural and border issues strongly affect attitudes about work opportunities and employment services.

Fifth, The LWDA intends that WIOA services be linked with Cochise County's larger economic and workforce development initiatives and plans developed by local businesses, governments and educational entities, as well as directed towards the needs of individual youth participants.

Sixth, Services provided by WIOA funds will be linked with current youth programs such as the Youth Transition Program at public high schools. The LWDA does not intend to duplicate

services that are already available within the community and intends to encourage collaboration among youth service providers. The LWDA expects that youth workforce development services funded through the Workforce Innovation and Opportunity Act will fill gaps in services. Filling service gaps may include expanding or enhancing existing workforce development services.

It is important to note that once an individual is registered into WIOA, the participant will also be counted in the federal WIOA performance measures.

Core indicators of performance for youth aged 19 through 21 are:

- entry into unsubsidized employment;
 - retention in unsubsidized employment 6 months after entry into the employment;
 - earnings received in unsubsidized employment 6 months after entry into the employment; and
 - attainment of a recognized credential relating to achievement of educational skills, which may include attainment of a secondary school diploma or its recognized equivalent, or occupational skills.
-

 - attainment of basic skills, and as appropriate, work readiness or occupational skills;
 - attainment of secondary school diplomas and their recognized equivalents; and
 - placement and retention in postsecondary education or advanced training, or placement and retention in military service, employment, or qualified apprenticeships.

How performance measures will be calculated

The following formulas will be used to measure performance, where "registration" means entry into the program, and "exit" means leaving the program.

1. Youth Placement in Employment/Education

The percentage of youth who are in education/training activities or in unsubsidized employment in the 2nd quarter after exit.

2. Youth Retention in Employment/Education

The percentage of youth who are in education/training activities or in unsubsidized employment during the 4th quarter after exit.

The percentage of youth who obtain a recognized post-secondary credential or a secondary school diploma/GED during participation or within 1 year after exit.

5. Skills Gain

The percentage of youth who are in an education/training program that leads to a recognized post-secondary credential or employment and who are achieving measurable skill gains.
